## Subject index

### A

- Adhesive system, ultraviolet-sensitive; direct bonding (Garn), 455
- Adhesives; direct bonding of orthodontic brackets (Keizer, ten Cate, and Arends), 318
- Adolescent growth spurt, skeletal ossification and (Grave and Brown), 611
- Advertising limitations of AMA, FTC complaint centers on, 338 (Editorial) restrictions, ophthalmologists', questioned by FTC, 604
- Age changes in human frontozygomatic suture from 20 to 95 years (Kokich), 411
- Alabama Analysis; cephalometric distinction of Class II, Division 2 malocclusion (Hitchcock), 447
- All in family: use of familial information in orthodontic diagnosis, case assessment, and treatment planning (Harris and Kowalski), 493
- American Association of Dental Schools and ADA education council start study of dental school curriculums, 605
- American Association of Orthodontists, 91, 194, 335, 464, 584, 658
  - and ASOS plan second surgical orthodontic conference, 475, 597, 705
  - Board of Trustees, Councils, and Committees, directory, 247
  - Committee on Availability of Orthodontic Services continues manpower studies, 227
- AAO constituent society presidents, 703
  - Council on Orthodontic Education issues revised glossary, 357
  - Council on Research, 354
    - specifies award requirements for Atlanta meeting, 596, 701
  - councils issue two new brochures, 237
  - Distinguished Service Scroll, 113
  - Drs. Swinehart and Johnston installed as president and president-elect, 595
  - joins ASOS in orthognathic surgical retrieval system, 481
  - names consultants and trustees to councils, 229
  - officers and organizations, directory, 126, 246, 370, 492, 610, 718
    - for New York meeting, 352

### AAO—Cont'd

- president's page: AAO studies combined orthodontic-pedodontic programs (Aldrich), 194
- reference committee hearings, membership participation in, 468 (Editorial)
- service members, eighteen Armed Forces orthodontists elected as, 704
- seventy-sixth annual meeting, ADA President to speak at, 474
  - officers for, 352
  - orthodontic heritage stressed at New York meeting, 350
  - preliminary program, 196
  - program planning now complete for, 226
  - stresses heri'age and opportunities, 104
  - requirements for attendance, 107
  - six awards to be presented, 475
- seventy-seventh annual meeting, Council on Research announces award requirements, 701
  - preliminary program now complete, 595
- teachers' conference scheduled in St. Louis in May, 481
- treatment priority index, FDI to consider, 498
- American Board of Orthodontics announces March examination schedule, 106, 227
  - certifies sixty-four candidates during March examination, 658
  - certifying examination taken by record number of candidates, 475, 597
  - today and future (Rathbone), 185
- American Dental Association adopts new policy on dental licensure, 116
- announces new Community Preventive Dentistry Award, 600
  - slogan for children's dental health week, 118
- Board to study indigent care bill, 358
- conducts survey on dental manpower and distribution, 481
- Council on Dental Education to study continuing education programs, 227
- Dean Shira inducted as president, 106
- education council and AADS start study of dental school curriculums, 605

January, pp. 1-126; February, pp. 127-248; March, pp. 249-370; April, pp. 371-492; May, pp. 493-610; June, pp. 611-730.

## American Dental Association—Cont'd

- FDI celebrates Diamond Anniversary at joint meeting with, 236
- House defines "supervision" for dental auxiliaries, 228
- sets moratorium on dual specialty announcement, 107
- President Shira to speak at AAO meeting in New York, 474
- Specialty Practice Conference, 335
- workshop considers specialty problems, 476
- AMERICAN JOURNAL OF ORTHODONTICS 60 years ago, 41, 193, 317, 387, 510, 687
- American Medical Association and Federal Trade Commission, 216 (Editorial)
- American Society of Oral Surgeons, AAO joins, in orthognathic surgical retrieval system, 481
- and AAO plan second surgical orthodontic conference, 475, 597, 705
- American surgeons also face manpower problems, 112
- Analysis, mesh diagram, new norms for (Moorrees et al.), 57
- ANB angle, critical evaluation (Ferrazzini), 620
- Appliance, Begg, clinical treatment with (Brouwer), 127
- cervical and headgear, effects of orthopedic forces on craniofacial complex utilizing (Chaconas, Caputo, and Davis), 527
- clinical, in two-tooth segment, strain gauge transducer model for evaluation of, 591 (Abst.)
- Arch wires, study of force systems delivered by, 700 (Abst.)

## B

- Begg appliance, clinical treatment with (Brouwer), 127
- edgewise, amalgamated technique (De-Angelis), 301
- technique; effect of different extraction sites upon incisor retraction (Bishara et al.), 388
- Birth and fertility rates, HEW Center for Health Statistics shows decrease in, 704
- rate; HEW vital statistics report notes continuing decline in births, 709
- Bonding, direct: clinical study using ultraviolet-sensitive adhesive system (Garn), 455
- of orthodontic brackets (Keizer, ten Cate, and Arends), 318
- Brackets, orthodontic, direct bonding of (Keizer, ten Cate, and Arends), 318
- British Association of Orthodontists sponsors orthopedic and functional study group, 351
- Broadbent-Bolton standards book, 98 (Editorial)

## C

- Canines, impacted, management of (Bishara et al.), 371

## Canines—Cont'd

- palatally impacted, conservative treatment (Stangl), 328
- Case assessment, orthodontic diagnosis, and treatment planning, use of familial information in (Harris and Kowalski), 493
- Cell proliferation during closure of normal secondary palate, 349 (Abst.)
- Cephalometric analysis, xeroradiography for (Johnson), 524
- Cervical traction, extraoral combined high-pull traction and, to maxilla, evaluation of (Badell), 431
- therapy, early or late, of Class II malocclusions in mixed dentition, 593 (Abst.)
- Children's Dental Health Week, ADA announces slogan for, 118
- Chin cup appliance, extraoral, orthopedic effect on mandible (de Alba, Chaconas, and Caputo), 29
- treatment, Angle Class III, computerized cephalometric evaluation, 348 (Abst.)
- Cleft lip and palate, 224 (B. rev.)
- palate and craniofacial anomaly meetings, 117, 231, 351, 484
- orthopedics: why, when, how (Lubit), 562
- treatment, University of Iowa slates five-day surgical course on, 707
- Community Preventive Dentistry Award announced by ADA, 600
- Computer-aided analysis of written treatment records, 592 (Abst.)
- Computerized cephalometric evaluation of Angle Class III chin-cup treatment, 348 (Abst.)
- Constituent society presidents report on current orthodontic issues, 218, 340 (Editorial)
- Corrective mixed-dentition treatment concept, preorthodontic guidance and (Wagers), 1
- Craniofacial anomaly and cleft palate meetings, 117, 231, 351, 484
- conference, international, slated in May at New York University, 109
- complex, effects of orthopedic forces on, utilizing cervical and headgear appliances (Chaconas, Caputo, and Davis), 527
- growth in squirrel monkey (*Saimiri sciureus*), 592 (Abst.)
- research, University of Washington offers fellowships in, 117
- templates for determining direction and amount of growth, 591 (Abst.)
- Crozat Study Club, 604, 706

## D

- Decalcification under orthodontic bands following pretreatment with acidulated phosphate-fluorides and adhesive plastic coatings, 698 (Abst.)
- Dental auxiliaries, ADA House defines "supervision" for, 228

Dental Auxiliaries—Cont'd

- expanded function: HEW health manpower study, 482
- care for Early and Periodic Screening, Diagnosis, and Treatment Program (EPSDT) under Medicaid, guide to, 223 (Abst.)
- examination review book, 471 (B, rev.)
- fee increases keep pace with economy, 230
- 1975, lags behind economy, 476
- insurance; orthodontic treatment covered in railroad workers' pact, 478
- licensure, ADA adopts new policy on, 116
- organization management: technics and skills, 471 (B, rev.)
- school curriculums, AADS and ADA education council start study of, 605
- enrollment rate decreases; women and minority rates increase, 714
- shows sharp increase, 236
- Dentifrices, selected, clinical and histologic effects on human palatal mucosa, 102 (Abst.)
- Dentistry and stomatology, application of International Classification of Diseases to, 472 (B, rev.)
- in Regional Medical Programs, 103 (Abst.)
- Denver Summer Meeting, 499, 705
- Devlin, Gerard A., Memorial Award, presentation to Solomon J. Kessler (Mul-len), 464
- response to (Kessler), 464
- Dewey, Martin, Award, presentation to W. Kenneth Thurmond (Murphey), 91
- response to (Thurmond), 92
- Dysostosis, mandibulofacial, treatment of (Ten Hoeve), 540

E

- Early and Periodic Screening, Diagnosis, and Treatment Program (EPSDT), under Medicaid, guide to dental care for, 223 (Abst.)
- Edgewise technique; Begg-edgewise, amalgamated technique (DeAngelis), 301
- Editorial, the American Medical Association and the Federal Trade Commission, 216
- the Broadbent-Bolton standards book, 98
- Constituent Society presidents report on current orthodontic issues, 218, 340
- FTC complaint centers on AMA advertising limitations, 338
- intraprofessional cooperation, or competition, 496 (Editorial)
- membership participation in AAO reference committee hearings, 468 (Editorial)
- the oath and the code revisited, 587
- orthognathic surgery and orthodontics, 690
- serial extraction: precautions, limitations, and alternatives, 95
- Education, orthodontic: past, present, and future (Moore), 42
- Enucleation, third molar, more on, 692 (Letter to editor)

- European Orthodontic Congress schedules 52nd congress in Thessaloniki, 118, 228, 354, 483
- Extraction, serial: precautions, limitations, and alternatives, 95 (Editorial)
- second premolar (Joondeph and Riedel), 169
- sites, effect of different, upon incisor retraction (Williams and Hosila), 388
- Extraoral chin cup appliance, orthopedic effect on mandible (de Alba, Chaconas, and Caputo), 29

F

- Familial information, use in orthodontic diagnosis, case assessment, and treatment planning (Harris and Kowalski), 493
- Federal Trade Commission, American Medical Association and, 216 (Editorial)
- complaint centers on AMA advertising limitations, 338 (Editorial)
- questions ophthalmologists' advertising restrictions, 604
- Fédération Dentaire Internationale announces preventive dentistry award program, 482
- celebrates Diamond Anniversary at joint meeting with ADA, 236
- to consider AAO treatment priority index, 498
- Fibroblasts, role in remodeling of periodontal ligament during physiologic tooth movement (Ten Cate, Deporter, and Freeman), 155
- Fluorouracil (FUR) effects on incisor development during early postnatal period in mice, 593 (Abst.)
- Forces, orthopedic, effects of, on craniofacial complex utilizing cervical and headgear appliances (Chaconas, Caputo, and Davis), 527
- systems delivered by arch wires, 700 (Abst.)
- Frankfort horizontal or sella-nasion orientation (Ricketts, Schulhof, and Bagha), 648
- Frontozygomatic suture, human, age changes in, from 20 to 95 years (Kokich), 411

G

- Glossary, revised, issued by AAO Council on Orthodontic Education, 357
- Great Lakes Society of Orthodontists, 360
- Growth, craniofacial, in squirrel monkey (*Saimiri sciureus*), 592 (Abst.)
- templates for determining direction and amount of, 591 (Abst.)
- spurt, adolescent, skeletal ossification and (Grave and Brown), 611

H

- Handicapping malocclusion assessment study at West Virginia University (Caveney), 634

- Headgear; evaluation of extraoral combined high-pull traction and cervical traction to maxilla (Badell), 431
- Help sought in search for missing patients, 119, 362, 484
- HEW Center for Health Statistics shows decrease in birth and fertility rates, 704
- vital statistics report notes continuing decline in births, 709
- Honors, awards, and appointments, 239, 499, 707
- I
- In memoriam, Wallace H. Black, 590
- Allan Gibson Brodie, 694
- Ben Hill Crumbley, 347
- Leo Bernard Lundergan, 696
- Phelps John Murphey, 347
- Harvey Stallard, 345
- Albert P. Westfall, 589
- Incisor development, effects of fluorouracil (FUR) on, during early postnatal period in mice, 593 (Abst.)
- retraction, effect of different extraction sites upon (Williams and Hosila), 388
- Indigent care bill to be studied by ADA Board, 358
- Injuries to teeth and supporting structures during orthodontic treatment, cause and prevention (Zachrisson), 285
- International Classification of Diseases, application to dentistry and stomatology, 472 (B.rev.)
- International Orthodontic Congress, third; London Congress transactions now complete in two volumes, 584
- Intraprofessional cooperation, or competition, 469 (Editorial)
- J
- Japan Orthodontic Society schedules first JOS International Congress, 113, 230, 603, 711
- K
- Kerr, Mrs. Pat, to receive Distinguished Service Scroll, 113
- L
- Lancaster Cleft Palate Clinic schedules October seminar, 477, 600
- Letters to editor, 100, 692
- Long Range Study Committee, future of, 336
- M
- Malocclusions, Class II, early or late cervical traction therapy of, in mixed dentition, 593 (Abst.)
- Division 1, role of "orthopedics" and orthodontics in treatment of (Gianelly and Valentini), 668
- Division 2, cephalometric distinction of (Hitchcock), 447
- handicapping, assessment study at West Virginia University (Caveney), 634
- Malocclusion—Cont'd
- severe skeletal Class III, orthopedic approach, 348 (Abst.)
- Mandible, orthopedic effect of extra-oral chin cup appliance on (de Alba, Chaconas, and Caputo), 29
- Mandibulofacial dysostosis, treatment of (Ten Hoeve), 540
- Manpower, dental, and distribution, ADA conducts survey on, 481
- health, HEW study; expanded function dental auxiliaries, 482
- problems, American surgeons also face, 112
- Maxilla, extraoral combined high-pull traction and cervical traction to, evaluation of (Badell), 431
- Maxillary expansion, rapid, changes in nasal airway resistance associated with (Hershey, Stewart, and Warren), 274
- Maxillofacial surgery, University of Pennsylvania announces seminar and workshop in, 710
- Medicaid, guide to dental care for Early and Periodic Screening, Diagnosis, and Treatment Program (EPSDT) under, 223 (Abst.)
- Mesh diagram analysis, new norms for (Moorrees et al.), 57
- Mexican Association of Orthodontists, 118
- Middle Atlantic Society of Orthodontists, 355
- Midwestern Society of Orthodontists, 238
- Mixed-dentition treatment concept, corrective, preorthodontic guidance and (Wagers), 1
- Molars, mandibular second, surgically uprighting and grafting (Davis et al.), 555
- third, enucleation, more on, 692 (Letter to editor)
- Mucosa, human palatal, clinical and histologic effects of selected dentifrices on, 102 (Abst.)
- Muscular disease, correction of severe open-bite associated with, 102 (Abst.)
- Myofunctional therapy (Cottingham), 679
- N
- Nasal airway resistance, changes in, associated with rapid maxillary expansion (Hershey, Stewart, and Warren), 274
- News and comment, 104, 226, 350, 474, 595, 701,
- Northeastern Society of Orthodontists, 113
- O
- Onth and code revisited, 587 (Editorial)
- Occlusal features, assessment of, for public health planning purposes (Foster and Menezes), 83
- Occlusogram, use in planning orthodontic treatment (Marcotte), 655
- Open-bite relapse (Newman), 627
- severe, associated with muscular disease, correction of, 102 (Abst.)
- Oral hygiene in orthodontic practice (Clark), 72

- Orientation—sella nasion or Frankfort horizontal (Ricketts, Schulhof, and Bagha), 648
- Orthodontic bands, decalcification under, following pretreatment with acidulated phosphate fluorides and adhesive plastic coatings, 698 (Abst.)
- brackets, direct bonding of (Keizer, ten Cate, and Arends), 318
- diagnosis, case assessment, and treatment planning, use of familial information in (Harris and Kowalski), 493
- critical evaluation of ANB angle (Ferrazzini), 620
- new norms for mesh diagram analysis (Moorrees et al.), 57
- education: past, present, and future (Moore), 42
- management of impacted canines (Bishara et al.), 371
- pedodontic programs, combined, AAO studies (Aldrich), 194
- perspective after 75 years (Graber), 572
- practice, oral hygiene in (Clark), 72
- therapy, study of anterior portion of palate as it relates to (Edwards), 249
- tooth movement, prediction of (Marcotte), 511
- treatment, cause and prevention of injuries to teeth and supporting structures during (Zachrisson), 285
- covered in railroad workers' pact, 478
- use of oclusogram in planning (Marcotte), 655
- Orthodontics, continuing education courses sponsored by university dental schools, 119, 240, 363, 486, 605, 715
- orthognathic surgery and, 690 (Editorial)
- role of "orthopedics" and, in treatment of Class II, Division 1 malocclusions (Gianelly and Valentini), 668
- tongue thrusting—speech therapy; myofunctional therapy (Cottingham), 679
- Orthodontists in Armed Forces, eighteen, elected as AAO service members, 704
- Orthognathic surgery and orthodontics, 690 (Editorial)
- surgical retrieval system, AAO joins ASOS in, 481
- Orthopedic and functional study group sponsored by British Association of Orthodontists, 351
- approach to severe skeletal Class III malocclusion, 348 (Abst.)
- effect of extraoral chin cup appliance on mandible (de Alba, Chaconas, and Caputo), 29
- forces, effects of, on craniofacial complex utilizing cervical and headgear appliances (Chaconas, Caputo, and Davis), 527
- "Orthopedics" and orthodontics, role in treatment of Class II, Division 1 malocclusions (Gianelly and Valentini), 668
- cleft palate: why, when, how (Lubit), 562
- Ossification, skeletal, and adolescent growth spurt (Grave and Brown), 611
- P
- Pacific Coast Society of Orthodontists, 111, 485
- Pain, considerations about—possibilities and responsibilities on avoidance of pain in therapy of jaw and facial area, 473 (Abst.)
- Palate, normal secondary, cell proliferation during closure of, 349 (Abst.)
- study of anterior portion of, as it relates to orthodontic therapy (Edwards), 249
- Periodontal ligament, remodeling of, during physiologic tooth movement, role of fibroblasts in (Ten Cate, Deporter, and Freeman), 155
- Ponitz, Paul, to receive Distinguished Service Scroll, 113
- Practice announcements, 125, 246, 369, 491, 609, 717
- Prediction of orthodontic tooth movement (Marcotte), 511
- Premolar, second, serial extraction (Joondeph and Riedel), 169
- Preorthodontic guidance and corrective mixed-dentition treatment concept (Wagers), 1
- Preventive dentistry award program announced by FDI, 482
- PSRO constitutionality upheld by Supreme Court, 357
- Public health planning, assessment of occlusal features for purposes of (Foster and Menezes), 83
- R
- Railroad workers' pact includes orthodontic treatment, 478
- Regional Medical Programs, dentistry in, 103 (Abst.)
- Rocky Mountain Society of Orthodontists, 598, 708
- S
- Sella-nasion or Frankfort horizontal orientation (Ricketts, Schulhof, and Bagha), 648
- Serial extraction: precautions, limitations, and alternatives, 95 (Editorial)
- second premolar (Joondeph and Riedel), 169
- Shira, Robert B., inducted as president of American Dental Association, 106
- to speak at AAO meeting in New York, 474
- Skeletal ossification and adolescent growth spurt (Grave and Brown), 611
- Societies, hospitals, and foundations, 109, 234, 359, 478, 601, 712

- Soft-tissue profile and changes in vertical dimension; Class III surgical-orthodontic treatment, 699 (Abst.)
- Southern Society of Orthodontists, 231
- Specialty, dual, announcement, ADA House sets moratorium on, 107
- Practice Conference, ADA, 335
- problems considered at ADA workshop, 476
- Speech therapy; myofunctional therapy (Cottingham), 679
- Strain gauge transducer model for evaluation of clinical appliance in two-tooth segment, 591 (Abst.)
- Supreme Court upholds PSRO constitutionality, 357

closed-circuit television to be featured, 698  
comprehensive program nearing completion, 108  
Council on Research specifies award requirements, 111, 233, 346, 468  
delegate allocation announced, 694  
orthodontics today and tomorrow, 337  
Senator Herman E. Talmadge named keynote speaker, 695  
to have strong clinical basis, 462  
seventy-sixth annual session, Association policies reaffirmed at, 97 (Editorial)  
five awards presented during, 444  
in retrospect, 208  
Japanese orthodontists in attendance, 341  
remarkable attendance record set, 108

American Board of Orthodontics defines current standards and requirements, 325

July, pp. 1-122; August, pp. 123-240; September, pp. 241-358; October, pp. 359-480; November, pp. 481-600; December, pp. 601-724.

- American Board of Orthodontics—Cont'd  
elects new officers and issues statement on Board eligibility, 96  
issues declaration on board eligibility, 696  
specifies application dates for Board examination and certification, 231, 464, 587, 697  
states policy on courses relating to Board certification, 591
- American Dental Association Council recommends ethics moratorium on non-solicitation advertising by dentists, 232  
expects 25,000 dentists at 117th session in Las Vegas, 224  
House of Delegates, sixty-eight AAO members serving in, 440  
report shows reduction in specialty program enrollment, 343  
schedules national curriculum conference, 472  
sets February date for National Children's Dental Health Week, 592, 701  
slates survey of review systems for quality dental care, 588  
sponsors 1977 national curriculum conference, 591
- American Fund for Dental Health approves \$5 million preventive dental study, 466
- AMERICAN JOURNAL OF ORTHODONTICS and metric system, 455 (Editorial)
- JOURNAL 60 years ago, 80, 153, 281, 443, 566, 616
- JOURNAL's year: its sixty-first, 690 (Editorial)
- ASOS and AAO schedule second orthodontic-orthognathic surgery congress, 229, 465, 586, 699
- Anchorage; bioprogressive therapy as answer to orthodontic needs (Ricketts), 359
- Anesthesia, local and general, principles of sedation and, in dentistry, 692 (B. rev.)
- Appraisal, "Wits," application of (Jacobson), 179
- Arch asymmetries; deviated midline (Lewis), 601  
expansion (Zilberman and Nitzan), 675
- Ascorbic acid levels, effect on orthodontically induced tooth mobility, 335 (Abst.)  
excess, effect on periodontium during orthodontic tooth movement, 334 (Abst.)
- Audio-visual programs, AAO issues new catalog of, 109
- B**
- Begg orthodontic therapy in retrospect, 103 (Abst.)
- Biodifferential system of face-bow mechanics (Dougherty and Beazley), 505
- Bioprogressive therapy as answer to orthodontic needs (Ricketts), 241, 359
- Bite opening procedures; mandibular plane and mandibular rotation (Lulla and Gianelly), 567  
phantom (Marbach), 190
- Bonding, direct, phosphoric acid penetration during (Smith, Spinelli, and Tartakow), 543  
systems, ultraviolet light polymerizing and auto polymerizing, histologic comparison of microleakage under, 221 (Abst.)
- C**
- Canines, unilateral ectopic, treatment for (Moin), 572
- Carnegie study predicts large increase in physicians, 706
- Centers of rotation for combined vertical and transverse tooth movements (Hurd and Nikolai), 551
- Children with cleft lip and palate, comprehensive care of, at Zürich University (Hotz and Gnoinski), 481
- Circumferential supracrestal fiberotomy, clinical experiences with (Kaplan), 146
- Class II treatment in orthodontics (Lewis), 529
- Class III skeletal patterns, early orthopedic treatment for (Vego), 59
- Classifications, orthodontics (Tuncay and Biggerstaff), 173
- Cleft defects, residual palato-alveolar, combined orthodontic-surgical management of (Boyne and Sands), 20  
lip and palate children, comprehensive care of, at Zürich University (Hotz and Gnoinski), 481  
palate and surgical orthodontic courses, 340, 469
- Corrections and clarifications, 228
- Craniofacial characteristics in children with treated and untreated Class II malocclusions; biometric study of orthopedically directed treatment of Class II malocclusion (Bernstein, Rosol, and Gianelly), 683  
growth, effect of experimental microglossia on (Simard-Savoie and Lamorlette), 304
- Cranium, development and growth of, 104 (Abst.)
- Crib, tongue; hyoid and muscle changes following distal repositioning of tongue (Gobeille and Bowman), 282
- Cross-bite; deviated midline (Lewis), 601  
surgical-orthodontic expansion of maxilla (Bell and Epker), 517
- D**
- Dental care programs, AAO adopts policy statement on, 94
- Dentistry, use of adhesives in, 585 (B. rev.)
- Dentists' fees show 0.9 per cent advance on Consumer Price Index, 698
- Dentition, human, development of, 582 (B. rev.)  
in pre-Columbian skulls (Fastlicht), 409

- Deviated midline (Lewis), 601  
Diastema formation, influence of transseptal fibers on incisor position and (Stubley), 645  
Distinguished Service Scroll, presentation to Patricia Kerr, (Lehman), 450  
response (Kerr), 452  
to Paul V. Ponitz (Terry), 452  
response (Ponitz), 454

E

- Edgewise technique; bioprogressive therapy as answer to orthodontic needs (Ricketts), 241  
Editorial, the Association, international relations, and the European Orthodontic Society, 577  
Association policies reaffirmed at seventieth annual session, 97  
conversion to the metric system, 457  
the JOURNAL and the metric system, 455  
the JOURNAL's year: its sixty-first, 690  
major accomplishments: the AAO library, museum, and archives, 215  
orthodontosis, orthodontics, or dentofacial orthopedics, 329  
seriously handicapping orthodontic conditions, 329  
Electric current, direct, effects on mandibular growth, 105 (Abst.)  
potential, polarized, effect on orthodontic tooth movement, 333 (Abst.)  
Enamel decalcification during orthodontic treatment, preventing (Tillery, Hembree, and Weber), 435  
Enucleation, third molar, reassessed again, 331 (Letter to editor)  
Essayists and organizations, 102 (Letter to editor)  
European Orthodontic Society, Association, international relations, and, 577 (Editorial)  
Evaluation, dynamic, of human occlusion (Biggerstaff and Tuncay), 316  
Expansion, arch (Zilberman and Nitzan), 675  
surgical-orthodontic, of maxilla (Bell and Epker), 517  
Extraoral anchorage; biodifferential system of face-bow mechanics (Dougherty and Beazley), 505  
traction, orthodontic, material and mathematical model experiments on, 460 (Abst.)

F

- Face, long, syndrome (Schendel et al.), 398  
Face-bow mechanics, biodifferential system (Dougherty and Beazley), 505  
Facial dimensions, changes during orthodontic treatment; vertical control (Spyropoulos and Askarieh), 70  
profile, orthodontics and, 221 (Abst.)  
Fiberotomy, circumferential supracrestal, clinical experiences with (Kaplan), 146  
Fisherman's fanciful fantasy, 345  
Force, orthopedic, effects on treatment of Angle Class III, 220 (Abst.)

G

- Gonial angle, masseter muscle, and medial pterygoid muscle, relationship between, 460 (Abst.)  
Great Lakes Society of Orthodontists, 230, 342, 469, 588  
Growth, craniofacial, effect of experimental microglossia on (Simard-Savoie and Lamorlette), 304  
facial; measurement of tooth movement (Isaacson, Worms, and Speidel), 290

H

- Head film measurements, reliability of (Baumrind, Miller, and Molthen), 617  
Help sought in search for missing patients, 118, 467, 699  
Honors and awards, 111, 465, 589, 697  
Hyalinization of periodontal ligament incident to orthodontic tooth movement, 459 (Abst.)  
Hyoid and muscle changes following distal repositioning of tongue (Gobeille and Bowman), 282

I

- In memoriam, Barrett Reid Andrews, 579  
Incisor and canine retraction, optimizing (Burstone and Koenig), 1  
position and diastema formation, influence of transseptal fibers on (Stubley), 645  
International Orthodontic Congress, Third, transactions, 692 (B. rev.)

J

- Japan Orthodontic Society schedules first JOS international orthodontic congress, 232  
Japanese orthodontists at AAO meeting, 341  
Jaw disharmony, anteroposterior, degree of; application of "Wits" appraisal (Jacobson), 179

K

- Ketcham, Albert H., Memorial Award, AAO adopts nomination procedure for candidates, 590  
presentation to Kaare Reitan (Subtelny), 445  
response (Reitan), 448

L

- Laminagraphs, quality temporomandibular joint, use of submental-vertex analysis for producing (Williamson and Wilson), 200  
Letters to editor, 102, 217, 331  
Long face syndrome (Schendel et al.), 398

M

- Malocclusion, Class II, biometric study of orthopedically directed treatment of (Bernstein, Rosol, and Gianelly), 683

- Malocclusions, Class II, Division 1, skeletal, cephalometric analysis of thirty-six, in postgrowth females to determine occurrence and frequency of twenty-one dental and skeletal changes due to orthodontic therapy, 222 (Abst.)  
treatment in orthodontics (Lewis), 529  
Class III, early orthopedic treatment for (Vego), 59  
effects of orthopedic force on treatment of, 220 (Abst.)  
severe overbite, treatment of (Eganhouse), 428
- Mandible, human, relationship between masseter muscle, medial pterygoid muscle, and gonial angle of, 460 (Abst.)
- Mandibular growth, effects of direct current on, 105 (Abst.)  
plane and mandibular rotation (Lulla and Gianelly), 567  
shift; deviated midline (Lewis), 601  
Masticating and swallowing, 584 (B. rev.)
- Maxilla, superior repositioning of (Schendel et al.), 663  
surgical-orthodontic expansion (Bell and Epker), 517
- Maxillary excess, vertical; long face syndrome (Schendel et al.), 398  
expansion, rapid, osteotomy as adjunct to (Kennedy et al.), 123
- Measurements, head film, reliability of (Baumrind, Miller, and Molthen), 617  
of tooth movement (Isaacson, Worms, and Speidel), 290
- Metric system, conversion to, 457 (Editorial)  
JOURNAL and, 455 (Editorial)
- Microglossia, experimental, effect of, on craniofacial growth (Simard-Savoie and Lamorlette), 304
- Middle Atlantic Society of Orthodontists, 228, 343
- Midline, deviated (Lewis), 601
- Midwestern Society of Orthodontists, 109, 230, 342
- Muscle and hyoid changes following distal repositioning of tongue (Gobeille and Bowman), 282  
masseter and medial pterygoid, and gonial angle of human mandible, relationship between, 460 (Abst.)
- N
- National Children's Dental Health Week, ADA sets February dates for, 592, 701  
News and comment, 106, 224, 337, 462, 586, 694  
Northeastern Society of Orthodontists, 234, 339
- O
- Occlusal equilibration, temporomandibular joint dysfunction and, 583 (B. rev.)  
treatment, 583 (B. rev.)
- Occlusion and orthodontics (Timm, Herremans, and Ash), 138  
functionally optimal: goal of orthodontic treatment (Ingervall), 81  
human, dynamic evaluation of (Biggerstaff and Tuncay), 316
- Orthodontic extraoral traction, material and mathematical model experiments on, 460 (Abst.)  
classifications: mystique or reality? (Tuncay and Biggerstaff), 173  
concepts and techniques, current, 580 (B. rev.)  
conditions, seriously handicapping, 329 (Editorial)  
direct-bonding adhesives, shear strength of (Johnson, Hembree, and Weber), 559
- Education and Research Foundation, 697  
orthognathic surgery congress, second, scheduled by AAO and ASOS, 229, 465, 586, 699  
surgical management, combined, of residual palato-alveolar cleft defects (Boyne and Sands), 20  
tooth movement, effect of excess ascorbic acid on periodontium during, 334 (Abst.)  
of polarized electric potential on, 333 (Abst.)  
hyalinization of periodontal ligament incident to, 459 (Abst.)  
therapy, Begg, in retrospect, 103 (Abst.)  
cephalometric analysis of thirty-six skeletal Class II, Division 1 malocclusions in post-growth females to determine occurrence and frequency of twenty-one dental and skeletal changes due to, 222 (Abst.)  
treatment goal: functionally optimal occlusion (Ingervall), 81  
preventing enamel decalcification during (Tillery, Hembree, and Weber), 435
- Orthodontics and facial profile, 221 (Abst.)  
and periodontics, interrelationships between (Kessler), 154  
Class II treatment in (Lewis), 529  
continuing courses sponsored by university dental schools, 118, 236, 348, 472, 594, 707  
occlusion and (Timm, Herremans, and Ash), 138  
surgical, arch expansion integral part of (Zilberman and Nitzan), 675  
today and tomorrow: AAO 1977 meeting theme, 337
- Orthodontosis, orthodontics, or dentofacial orthopedics, 329 (Editorial)
- Orthopedic force, effects of, on treatment of Angle Class III, 220 (Abst.)  
treatment, early, for Class III skeletal patterns (Vego), 59
- Osteotomy as adjunct to rapid maxillary expansion (Kennedy et al.), 123  
maxillary; superior repositioning of maxilla (Schendel et al.), 663

- Overbite malocclusion, severe, treatment of (Eganhouse), 428  
Oxytalan system, human, reconstitution of, during orthodontic tooth movement (Sims), 38

P

- Pacific Coast Society of Orthodontists, 225, 347, 470  
Periodontal ligament, hyalinization of, incident to orthodontic tooth movement, 459 (Abst.)  
Periodontics and orthodontics, interrelationships between (Kessler), 154  
Periodontium, effect of excess ascorbic acid on, during orthodontic tooth movement, 334 (Abst.)  
of rat molar, ultrastructural changes in tension zones of, incident to orthodontic tooth movement (Rygh), 269  
Phantom bite (Marbach), 190  
Phosphoric acid penetration during direct bonding (Smith, Spinelli, and Tarkow), 543  
Practice announcements, 121, 238, 355, 479, 599, 711  
Preventive dental study approved by American Fund for Dental Health, 466  
Profile, facial, orthodontics and, 221 (Abst.)  
Prognathism, mandibular; arch expansion (Zilberman and Nitzan), 675

R

- Rapid maxillary expansion, osteotomy as adjunct to (Kennedy et al.), 123  
Retainer, esthetic and effective, for lower anterior teeth (Gazit and Lieberman), 91  
Retraction, anterior and canine, optimizing (Burstone and Koenig), 1  
Rocky Mountain Society of Orthodontists, 110, 224, 701  
Rotation, mandibular, mandibular plane and (Lulla and Gianelly), 567

S

- Salzmann, J. A., generous gift to AAO Foundation, 339  
Sedation, local and general anesthesia in dentistry, 692 (B. rev.)  
Shear strength of orthodontic direct-bonding adhesives (Johnson, Hembree, and Weber), 559  
Skeletal patterns, Class III, early orthopedic treatment for (Vego), 59  
Skulls, pre-Columbian, study of dentition in (Fastlicht), 409  
Societies, hospitals, and foundations, 116, 234, 346, 471, 592, 704  
Soft tissue osseous relations; superior repositioning of maxilla (Schendel et al.), 663  
Southern Society of Orthodontists, 110, 229, 345  
Southwestern Society of Orthodontists, 113, 229, 340  
Speech; subcortical approach to swallow pattern therapy (Falk, Wells, and Toth), 419

- Submental-vertex analysis for producing quality temporomandibular joint laminagraphs (Williamson and Wilson), 200

- Supracrestal fiberotomy, circumferential, clinical experiences with (Kaplan), 146

- Surgical intervention, effects of, on postretention stability of orthodontically rotated teeth, 334 (Abst.)  
orthodontic and cleft palate courses, 340, 469

- Surgical orthodontic conference, second, planned by AAO and ASOS, 229, 465, 586, 699  
expansion of maxilla (Bell and Epker), 517  
management, combined, of residual palato-alveolar cleft defects (Boyne and Sands), 20  
orthodontics, arch expansion integral part of (Zilberman and Nitzan), 675

- Swallow pattern therapy, subcortical approach (Falk, Wells, and Toth), 419

- Swallowing, masticating and, 584 (B. rev.)  
tongue-thrust and normal, comparative of two-point discrimination ability, 461 (Abst.)

T

- Teeth, lower anterior, esthetic and effective retainer for (Gazit and Lieberman), 91

- orthodontically rotated, effects of surgical intervention on postretention stability of, 334 (Abst.)

- Temporomandibular joint dysfunction and occlusal equilibration, 583 (B. rev.)

- use of submental-vertex analysis for producing quality laminagraphs of (Williamson and Wilson), 200

- Tension zones of rat molar periodontium, ultrastructural changes in, incident to orthodontic tooth movement (Rygh), 269

- Third molar enucleation reassessed again, 331 (Letter to editor)

- Tongue, hyoid and muscle changes following distal repositioning of (Gobeille and Bowman), 282

- Tongue-thrust; subcortical approach to swallow pattern therapy (Falk, Wells, and Toth), 419

- swallowers and normal swallowers comparative study of two-point discrimination ability in, 461 (Abst.)

- Tooth anomalies; study of dentition in pre-Columbian skulls (Fastlicht), 409  
mobility, orthodontically induced, effect of ascorbic acid levels on, 335 (Abst.)

- movements, combined vertical and transverse, centers of rotation for (Hurd and Nikolai), 551

- measurement of (Isaacson, Worms, and Speidel), 290

- Tooth movements—Cont'd  
  orthodontic, effect of excess ascorbic acid  
    on periodontium during, 334  
      (Abst.)  
    of polarized electric potential on,  
      333 (Abst.)  
  hyalinization of periodontal ligament  
    incident to, 459 (Abst.)  
  reconstitution of human oxytalan sys-  
    tem during (Sims), 38  
  ultrastructural changes in tension zones  
    of rat molar periodontium incident  
    to (Rygh), 269  
  shifting; deviated midline (Lewis), 601  
Tracing superimposition; reliability of head  
  film measurements (Baumrind,  
  Miller, and Molthen), 617
- Traction, orthodontic extraoral, material and  
  mathematical model experiments  
    on, 460 (Abst.)  
Transseptal fibers, influence on incisor posi-  
  tion and diastema formation  
  (Stubley), 645  
Treatment, early versus late, 217 (Letter to  
  editor)
- V
- Vertical control (Spyropoulos and Askarieh),  
  70  
  maxillary excess; long face syndrome  
    (Schendel et al.), 398
- W
- "Wits" appraisal, application of (Jacobson),  
  179
